### PREFACE.

#### ----

HIS Dictionary has been undertaken to supply a want long felt by the student of a complete and at the same time cheap Sanskiit-English Dictionary Very little need, I think, be said with regard to the reessity of bringing out a work like this, when the study of Sanskrit has received such a strong impetus during ne last twenty five years. There have been four or five Sanskrit-English Dictionaries published till now; but ery few of them fulfil the two essential conditions of the popularity and usefulness of such works :--satisfyings Il the requirements of students and at the same time being within their easy reach. The Dictionaries of Professors Wilson and Monier Williams are very useful and valuable works, but their prices-particularly of the latter-are prohilatively high, and they do not also meet many of the most ordinary wants of Sanskrit reades. A student, while reading Sanskirt at School or College, generally expects that the Dictionary which he uses will give approriate equivalents for such words and compound expressions as may have peculiar meanings or shades of meaning of particular passages. He desires to know not only that a particular word has so many senses, but that it has this or that sense in a particular passage of a book, so that he may determine any particular meaning of a word in a ertain passage by seeing and comparing how it is used elsewhere by the same writer or by other writers in different voiks. He also wants accurate and, as far as possible, full explanation of the more important technical terms curring at least in his usual course of reading, as well as any other information likely to be of use to him. rofessor Monier Williams has, in his invaluable Dictionary, tried to exhaust the meanings of words as far as he could, and has also given much useful information on some points. But it would not, I think, be detracting from the merits of the great work to say that it fails to give some of the most common senses of words occurring in such wellknown and oft-read books as the Uttararamacharita, Mudrarakshasa, Venisamhara, Sisupalavadha or Kadambari. Moreover it gives neither quotations nor references, nor much of the information likely to be useful to the student luring his School or College career. In making these remarks I must not, in the slightest degree, be unde stood to make any reflections on that Dictionary. Indeed I have myself derived no small help from that work, as will be acknowledged further on. My only object in pointing out its defects has been to show why I thought it necessary to undertake the compilation of a new Dictionary, when some already existed in the field, and I hope the reader will be able to find that this Dictionary is an improvement on its predecessors in some respects at least.

Having thus explained the necessity of undertaking and publishing this Dictionary, I shall say a few words with regard to its plan and scope. The extent of Sanskrit literature is so vast that not even the the long labours of a single individual, howsoever talented or persevering, will be able to do full justice to it. At has two distinct branches, the Vedic and post-Vedic, each of which will require an independent encyclopædia i for itself. Not even the gigantic Vachaspatya of the late Professor Taranatha Tarkavachaspati, nor the equally gigantic German Worterbuch of Drs. Roth and Bothlingk, can be said to be altogether complete and comprehensive. Much less can a small work like mine-compiled during the leisure hours of a teacher's lifeapire to be called complete in any sense of that word. However, I have tried to make it as comprehensive and practically useful to the student of Sanskrit as my humble powers enabled me to do, though how far I have succeeded in my object the reader alone can best decide. It includes all words occurring in the general post-Vedic literarture such as Epics like the Râmâyana and Mahâbhârata, the several Puranas, the Smitt literature, particularly the law-books of Manu and Yajnavalkya, the several darsanas or systems of philosophy such as Nyaya, Vaiseshika, Mimamsa, Vedanta, &c., Grammar, Rhetoric, Poetry in all its branches, Tantra and dramatic literature, Mathematics, dedicine, Astronomy, Music, and such other technical or scientific branches of learning. It inserts most of the leading names of trees and plants with scientific or vernacular equivalents wherever noteworthy It also gives most of the principal Vedic words or senses of words; for though Vedic Literature would require dictionary by itself, still I did not think it desirable to omit altogether at least such words as frequently occur, specially as I intended to make this work as complete and comprehensive as I could. For the same reason, obscure unimportant words or senses of words have been inserted, though they may not be generally met with in ssical literature as studied by the University student.

The chief feature of this Dictionary is that it has simed at being practical. With this view I have added quotations and references to the peculiar and noteworthy senses of words, especially such as occur in works read by the student at School or College. In some cases the quotations might appear to some to be superfluous, but to a student, especially a beginner, they are very useful, as they supply him with apt illustrations but the senses of words, and enable him to provide himself with a large stock of choice, idiomatic expressions which are so abundant in the language. Another noticeable feature of the Dictionary is that it gives full examinations of the more important technical terms, particularly in Nyâya. Alankâra, Vedâpta, Grammar and

He is also known by the names of Patabdhi, Samudia-chuluka &c., from another fable according to which he drank up the ocean because it had offended him and because he Wished to help India and the gods in the'r wars with a class of demons called Kaley as who had hid themselves in the waters and oppressed the three worlds in various ways His wife was Lopamudra. She was also called Kausitaki and Varapiada. She bore him two sons, Didhasya and Dridhasyu In the Ramayana Agastya plays a distinguished part. He dwelt in a hermitage on mount Kunjara to the south of the Vindhya and was chief of the hermits of the south. He kept under control the evil spirits who infested the south and a legend relates how he once ate up a Rakshasa named Vatapi, who had assumed the form

of a ram, and destroyed by a flash of his eye the Rakshasa's prother who attempted to avenge him In the course of his wanderings Râma with his wife and brother came to the hermitage of Agastya who received him with the greatest kindness and became his friend, adviser and protector He gave Rama the bow of Vishnu and accompanied him to Ayodhya when he was restored to his kingdom after his exile of 14 years The superhuman power which the sage possessed is also represented by another legend, according to which he turned king Nahusha into a serpent and afterwards restored him to his proper form. In the south he is usually regarded as the first teacher of science and literature to the primit ve Dravidian tribes, and his era is placed by Dr. Caldwell in the 7th or 1 6th century B C. The Puranas represent Agastya as the son of Pulas tya (the sage from whom the Rukshasas sprang) and Havirbhava the daughter of Kardama. Seven d 'hymn-seers' are mentioned in his fam ly, such as his two sons, Indrabahu, Mayobhuva and Mahendra, also others who served to perpetuate the family. The sage is represented a a great philosopher, benevolent and kind-hearte sunsurpas sed in the science of aichery and to have taken a principal part in the colonisation of the south, निर्जिनानि मया भद्रे बाधुन्म्नाद्मर्षिणः । अगस्येन दुगवर्श मुनिना दक्षिणेव डिक्स। Rám ; नगरन्या धारेना-माजा R 4 44, et also: अगस्यो विधान-माश्रामाश्रिम्यं नर्भाम स्थित: । वरुणन्यान्मजी योगी विध्यवानापिमर्डन: ॥ and R 6. 61, Mv 7. He is lord, protector and leader of ple, monarch of men, the lord he house, friendly to mankind, like a father, mother, brother He is represented as being proed by the attrition of two pieces uel which are regarded as husd and wife. Sometimes he is con-

sidered to have been brought down from heaven or generated by India between two clouds or stones created by Dyau, or fashioned by the gods collectively In some passages he is represented as having a triple existence, which may mean his threefold manifestations as the sun in heaven, lightning in the atmosphere, and as ordinary fire on the earth, although the three appearances are also elsewhere otherwise explained Ilis epithets are numberless and for the most part descriptive of his physical characteristics: धूमकेतु, हुतभुज, शुचि, रोहि-ताश्व, सप्तजिव्ह, तोमग्बर, घृताब्र, चित्रभातु, उर्ध-शोचिस्, शोचिपकेश, हरिकेश, हिरण्यदत, अयादष्ट &c In a celebrated passage he is said to have 4 horns, 3 feet, 2 heads, and 7 hands The highest divine functions are ascribed to Agni He is said to have spread out the two worlds and produced them, to have supported heaven, formed the mundane regions and luminaries of heaven, to have begotten Mitra and caused the sun to ascend the sky He is the head and summit of the sky. the centre of the earth Earth, Heaven and all beings obey his commands knows and sees all worlds or creatures and witnesses all their actions The worshippers of Agriprosper, they are wealthy and live long. Such is the Vedic conception of Agni but in the course of mythological personifications he appears as the eldest son of Brahma and is called Abhimani [Vishnu Purana] His wife was Svaha; by her he had 3 sons-Pavaka, Pavamana and Suchi; and these had forty five sons: altogether 49 persons who are considered identical with the 49 fires He is also represented as a son of Angiras, as a king of the Pitris or Manes, as a Marut and as a grandson of Sandila, and also as a star. The Harivamsa describes him as clothed in black, having smoke for his standard and head-piece and

carrying a flaming javelin. He is boine in a chariot diawn by red horses and the 7 winds are the wheels of his car lle is accompanied by a ram and sometimes he is represented as riding on that anumal Agni was appointed by Brillia i as the sovere gn of the quarter between the south and east, whence the direction is still known as Agnevi. The Mahabhar ita represents Agni as having exhausted his vigo it and become du'l by devouring many oblations at the several sacrifices made by king Svetaki, but he recru ited his strength by devouring the whole Khandava forest, for the story see the word fined Comp -4 (आ) गार-र .-आ व्य .- भृह िमिकामीय अगार जाक न. ] a fire-sanctuary, house or place for keeping the sacred fire, वर्तश्चतुर्योग्नेशंस्वाय्यगार R 5 25 — अस्त्रं filemissile, a rocket - siens a. fusik रीत्मा गरगी of the nature of fire, सामा-त्मिका स्त्री, " ह' पुमान् –शावानं consecrating the lite, प्रज्ञाहित, - अविय आगरा ला भन] a Biahmana who maintains the sacied life ( ग-॰ भाषानं -- आहित: िर्भाषरमहिता यन, वा प्रश्नुपार P II 2 37 | one who maintains the sacred fire. अभिमंथ = अधिमध q. v.

अभिमन्यः N. of a son of Arjuna by his wife Subhadra, sister of Krishna and Balarama, also known by the metronymic Saubhadra [ He was called Abhimanyu because at his very birth he appeared to be heroic, long-armed and very fiery (अभिवृद्धः मन्युर्यस्य ). When the Kauravas at the advice of Drona formed the peculiar battle-array called 'Chakravyuha,' hoping that, as Arjuna was away, none of the Pandavas would be able to break through it, Abhimanyu assured his uncles that he was ready to try, if they only assisted him. He accordingly entered the Vyuha, killed many warriors on the Kaurava side, and was for a time more than a match even for such

veteran and elderly heroes as Drona, Karna, Dunyodhana &c. He could not, however, hold out long against fearful odds, and was at last overpowered and slain. He was very handsome. He had two wives, Vatsala daughter of Balarama and Uttara daughter of the king of Vinata. Uttara was pregnant when he was slain and gave birth to a son named Parikshita who succeeded to the throne of Hastinapura].

By hisskill in arms he won Draupad: at her Svayamvara (see Draupadi ). For an involuntary transgression he went into temporary exile and during that time he learnt the science of arms from Parasurama. He married Ulupi, Naga Princess, by whom he had a son named Iravat, and also Chitrangada, daughter of the king of Manipura, who bore him a son named Babhruvahana. During this exile he visited Dvaraka, and with the help and advice of Krishna succeeded in marrying Subhadra. By her he had a son named Abhimanyu. Afterwards he obtained the bow Gandiva from the god Agni whom he assisted in burning the Khandava forest. When Dharms, his eldest brother, lost the kingdom by gambling, and the five brothers went into exile. he went to the Himalays to propitiate the gods and to obtain from them celestial weapons for use in the conremplated war against the Kauravas. There he fought with Siva who appeared in the disguise of a Kirata; but when he discovered the true character of his adversary he worshipped him and Siva gave him the Pasupatastra. Indra, Varuna, Yama and Kubera also presented him with their own weapons. In the 13th year of their exile, the Pandavas entered the service of the King of Virata and he had to act the part of a cunuch, and music and dancing master. In the great war with the Kauravas Arjuna took a very distinguished part. He the secured assistance Krishna who acted as his charicteer and related to him the Bhagavalgeta when on the first day of the battle he hesitated to bend his bow against his own kinsmen. In the course of the great struggle he slew or vanquished several redoubtable warriors on the side of the Kauravas, such as Jayadratha. Bhishma, Karna &c After Yudhishthira had been installed sovereign of Hastinapura, he resolved to perform the Asvamedha, sacrifice, and a horse was let loose with Aljuna as its guardien Arjuna followed it through many cities and countries and fought with many kings Atthe city of Manipura he had to fight with his own son Babhruvahana and was killed, but he was restored to life by a charm supplied by his wife Ulupa. He traversed the whole of Bharata khanda and returned to Hastinapura, loaded with spoils and tributes, and the great horse-sacrifice was then duly performed. He was after wards called by Krishna to Dvarakå amid the intestine struggles of the Yadavas and there he performed the funeral ceremonies of Vasudeva and Krishna. Soon after this the five Pândavas repaired to heaven having installed Parakshit-the only surviving son of Abhimanyu-on the throne of Hastinapura. Arjuna was the bravest of the Pandavas, high-minded, generous, upright, handsome and the most prominent figure of all his brothers. He has several appellations, such as Partha, Gudakesa, Savyasachi, Dhananjaya, Phalguna, Kiritin, Jishnu, Svetavahana, Gandivin &c.].-6 N. of Kartaverya, slain by Parasurama. अष्टावकः [अष्टकृत्वः अष्टस भागेषु वा वक्रः ] N. of a celebrated Brahmana, son of the great sage Kahoda. Kahoda married a daughter of his preceptor Uddalaks, but he was so devoted to study that he generally neglected her. When once she was far advanced in pregnancy, the unborn son was provoked at his father's neglect of her and rebuked him for his absorption in study to the neglect even of his wife. The sage was very angry at this impertinence and condemned him to be born crooked; so he came forth with his eight (aslta) limbs crooked ( vakra ); whence his name ; यस्मास्कुक्षी वर्तमानी व्यविषि तस्माद्रकी भवितास्यद्रकृतः Mb. When Kahoda was drowned into a river as the result of a wager in a dispute with a Budhist, young Ashiavakra defeated the sage and delivered his father who, being pleased, directed his son to bathe into the Samanga river, on doing which the lad became perfectly straight.

Indran: [ Indra, the god of the firmament, is the Jupiter Pluvius of the Indian Aryans. In the Vedas he is placed in the first rank among the gods; yet he is not regarded as an uncreated being, being distinctly spoken of in various passages of the Vedas as being born, and as having a father and a mother. He is sometimes represented as having been produced by the gods as a destroyer of enemies, as the son of Ekashiaka, and in Rv. 10.90. 13 he is said to lave sprung fram the mouth of Purusha. He is of a ruddy or golden colour, and can assume any form at will. He rides in a bright golden chariot drawn by two tawny horses. His most famous weapon is the thunderbolt which he uses with deadly effect in his warfare with the demons of darkness, drought and inclement weather, variously called Ahi, Vritra, Sambara, Namuchi &c.

He storms and breaks through their castles, and sends down fertilizing showers of rain to the great delight of his worshippers. He is thus the lord of the atmosphere, the dispenser of rain, and governor of the weather. He is represented as being assisted by the Maruts or storm gods in his warfare. Besides the thunderbolt he used arrows, a large book, and a net. The Soma juice is his most favourite food and under its exhilarating influence he performs great achievements (cf. R-. 10. 119), and pleases his devout worshippers, who are said to invite the god to drink the juice. He is their friend and even their brother; a father, and the most fatherly of fathers; the helper of the poor, and the deliverer and comforter of his servants He is a wall of defence; his friend is neverslain or defeated. He richly rewards his adorers, particularly those who bring him libations of Soms, and he is supplicated for all sorts of temporal blessings, as cows, horses, chariots, health, intelligence, prosperous days, long life, and victory in war. In the Vedas Indra's wife is Indrani,

who is invoked among the goddesses Such is the Vedic conception of Indra. But in later mythology he falls in the second rank He is said to be one of the sons of Kasyapa and Dakshayanı or Aditi Heisinferior to the triad Brahma, Vishau and Mahesa (though in some places Vishau is re garded as his younger brother, cf. R. 14. 59, 15. 40), but he is the chief of all the other gods, and is commonly styled Suresa, Devendra &c. As in the Vedas so in later mythology, he is the regent of the atmosphere, and of the east quarter, and his world is called Svarga. He sends the lightning uses the thunderbolt and sends down , rain. He is frequently at war with Asuras, whom he constantly dreads, and by whom he is sometimes defeated. The India of mythology is famous for his incontinence and adultery, one prominent instance of which is his seduction of Ahalya, wife of Gautama (see Ahalya), and for which he is often spoken of as Ahalya-jara. The curse of the sage impressed upon him a 1000 marks resembling the female organ, and he was therefore called Sayoni; but these marks were afterwards changed into eyes, and he is hence called Netra-yoni and Sahasraksha. In Ramayana Indra is re presented as having been defeated and carried off to Lanka by Ruvana's son called Meghanada, who for this exploit received the title of 'Indrajit'. It was only at the intercession of Brahma and the gods that Incra was released, and this humiliation was regarded as a punishment for his seduction of Ahalya. He is also re-

presented as being in constant dread of sages practising potent penances, and as sending down nymphs to beguile their minds (see Apsaras). In the Puranas he is said to have destroyed the offspring of Dittinher womb, and to have cut off the wings of mountains when they grew troublesome. Other stories are also told in which Indra was once worsted by Raja, grandson of Puturavas, owing to the curse of Durvasas, and other accounts show that he and Krishna were at war with each other for the Parija's tree which the latter wanted to remove from Svarga, and which he succeeded in doing in spite of Indra's resistance. His wife is Indrans, the daughter of the demon Puloman, and hisson is named Jayanas. He is also said to be father of Arjuna. His epithets are numerous, mostly descriptive of his achievements, e. g. वृत्रहन्, बलमिट्, पाकशामन, गोत्रभिट्र, पुरद्र, शतकतु, जिष्णु, नमुचिस्दन &c. ( see Ak. I. 1 44.47). When Ravana warred against Indra in his own heaven, his son Meghanada was with him, and fought most valiantly. During the combat, Meghanada, by virtue of the magical power of becoming invisible which he had obtained from Siva, bound Indra, and bore him off in triumph to Lanka. Brahma and the other gods hurried thither to obtain his release, and gave to Meghanada the title of Indrajit, 'conqueror of Indra'; but the victor refused to release his prisoner unless he were promised immortality. There are two theories as to the character of these prepositions. According to one theory roots have various meanings in themselves ( अनेकार्था हि बातवः ); when prepositions are prefixed to them they simply bring to light those meanings already existent but hidden in them, but they do not express them, being meaningless themselves ; cf. Si. 10. 15:-सतमेव चिरमप्रकृतत्वादप्रकाशितमादियुतद्गे । विभ्रमं मधु-मदः प्रमदानां धातुलीनसुपसर्गं इवार्थम् ॥ According to the other theory prerositions express their cwn independent meanings; they modify, intensify, and sometimes entirely, alter, the senses of roots ; cf. Sk .:-उपसर्गेण पात्वर्थी बलाद्न्यत्र नियने । प्रहाराहारस-हाराविहारपारिहारवत ॥ cf. also धात्वर्थ बाबते कश्चित्कश्चित्तमनुवर्तते । तमेव विशिनष्ट्यन्य उप-सर्गगतिस्त्रिधा ॥ (The latter theory appears to be more correct For a fuller exposition see Nirukta).

[ Urvass is frequently mentioned in the Regveda; at her sight the seed of Mitra and Varuna fell down, from which arose Agastya and Vasishtha; (see Agastya). Being cursed by Mitra and Varuna she came down to the world of mortals, and became the wife of Pururavasa, whom she chanced to see while descending, and who made a very favourable impression upon her mind. She lived with him for some time, and went up to heaven at the expiration of her curse. Purûravas was sorely grieved at her loss, but succeeded in securing her company once more. She bore him a son named Ayus, and then left him for ever. The account given in the Vikramorvassyam differs in many respects, where Indra is represented to have favoured Pururavas with her lifelong company though he had himself cursed her. Mythologically she is said to have sprung from the thigh of the sage Narayana, q. v.] .- 2 Wish, ardent desire.-Comp. -ลโซ์ N. of a sacred place referred to in Bharata. -रमण:, -सहाय:, -बह्नभः N. of Pururavas.

[In their long warfare with the demons, the gods were often times defeated, and rendered quite helpless. But such of the demons as would be slain in battle were restored to life by Sukracharya, their preceptor, by means of a mystic charm which he alone possessed. The gods resolved to secure, if possible, this charm for themselves, and induced Kacha to go to Sukracharya and learn it from him by becoming his disciple. So Kacha went to the preceptor, but the demons killed Kacha twice lest he should succeed in mastering the lore; but on both occasions he was restored to life by the sage at the intercession of Devayani, his daughter, who had fallen in love with the youth. Thus discomfited the Asuras killed him a third time, burnt his body, and mixed his ashes with Sukra's wine; but Devayani again begged her father to restore to life the youth. Not being able to resist his daughter's importunities Sukra once moce performed the charm, and, to his surprise, heard the voice of Kacha issuing from his own belly. To save his own life the sage taught him the muchcoveted charm, and, on the belly of Sukra being ripped open, Kacha performed the charm and restored his master to life. Devayani thenceforward began to make stronger advances of love to him, but he

steadily resisted her proposals, telling her that she was to him as a younger sister. She thereupon cursed him that the great charm he had learnt would be powerless; he, in return, cursed her that she should be sought by no Brahmani, but would become a Kshatriya's wife]. —चा 1 A female elephant .- 2 Beauty, splendour .- Jomp. --अग्रं carls, end of hair. --आचित a. having dishevelled hair; कचाचितौ विष्वगिवागजी गजी Ki. 1. 36. -आमोदः a fragrant ointment of the hair (बाळा). -us: seizing the hair, seizing (one) by the hair; R. 10. 47, 19. 31. -- -1.
